12TH GRADE

1. What are you excited to learn about in school? What are you excited to learn about outside of school?

2. How do you learn more about these subjects?

3. Did you know that people try different learning strategies to discover which work best for them? For example, some people learn by listening, talking with adults, using their hands, creating a picture, writing, singing, etc. Which strategies have you tried? Which ones work best for you?

4. In which school subjects do you use these strategies?

Please give examples.

7. Share examples of how you use a growth mindset, in and out of the classroom.

8. Is it ever hard for you to use a growth mindset? What are some strategies you could use to help?

9. In what areas do you feel motivated to do your best, even if you don't get encouragement from others?

10. As you think about life after high school, how will pursue subjects you're passionate about?

A love of learning is a passionate interest in gaining knowledge about the world • working hard in school to learn and improve your skills; • being curious and pursuing subjects that interest you; • applying your learning strengths; • finding ways to address learning challenges; and • having a growth mindset instead of a fixed mindset.

11. Overall, I have optimal love of learning.
